INSTRUCTIONAL DEVELOPMENT

ABOUT THE TEAM

At iDev, we are dedicated to cultivating high-quality online teaching and learning experiences at UCF by designing accessible and engaging web content that empowers both faculty and students to achieve their professional and academic goals. We are a bridge that connects faculty and the department by fostering effective communication channels and strategies that leverage innovative and inclusive approaches to enhance the quality of online education. We are committed to supporting the diverse needs and aspirations of the UCF community and believe in the transformative power of education to enrich lives.

SERVICES AVAILABLE TO FACULTY

ACCESSIBILITY

For Faculty and Students

Proactive Captioning **FACULTY**

If you are IDL6543 credentialed and have an online course with multimedia that needs proper captioning support, visit dl.ucf.edu/proactive-cap.

Reactive Captioning **STUDENTS**

We work with Student Accessibility Services (SAS) to provide just-in-time deaf/hard of hearing (DHH) support when faculty have SAS connected students enrolled in their W/M/V/RS course(s).

Not sure which type of captioning support you might need?
Visit bit.ly/DHHoptions to learn more.
